LOMBOK DAYTRIPS

The island of Lombok is often forgotten, as it's the neighbor island of the famous Bali. But actually, Lombok is said to be today, what Bali was 20 years ago. Having not even half the amount of tourists and even more stunning nature, Lombok is the perfect location for a getaway to explore the beautiful nature of Indonesia.

Lombok has beautiful scenery and is more pristine than its sister island of Bali. It has beautiful temples and beautiful rice paddies.

Lombok is also famous for its pottery and textiles. In central and southern Lombok, there are several small villages where you can visit pottery, weaving, wood and coconut handicraft centers.

Activities around Gili Air and Lombok are all arranged by Julie Thonnard, Founder of Gili Travel Agency - An Eco Friendly tour agency that specializes in tailor-made packages all over Indonesia. Julie Thonnard, co-founder of Slow Villas & Spa, Gili Air, has spent many years traveling around Indonesia in search of beauty, tranquillity and peace, and she is passionate about sharing her experiences.
